In the Matter of:

GENERAL ADJUSTMENT IN ELECTRIC) CASE NO. 9061
RATES OF KENTUCKY POWER COMPANY)

O R D E R

On December 4, 1984, the Public Service Commission ("Commission") entered an Order in Case 9061 wherein it approved rates and charges for Kentucky Power Company ("Kentucky Power") to be effective on and after December 5, 1984. The Municipal Waterworks ("MW"), Large General Service ("LGS"), Quantity Power ("QP"), and measured service section of General Service ("GS") Tariffs of Appendix A were incorrect in that the energy rates reflected an incorrect amount which constitutes a short fall of approximately \$2,480,000 in the increased revenue requirements of \$29,618,472 approved in this case.

The Commission has confirmed this finding with Kentucky Power and amended the Appendix A to the Order issued in this case. The amended Appendix A does not increase or decrease the level of revenue requirements approved in this case.

IT IS THEREFORE ORDERED that Amended Appendix A be and it hereby is approved for service rendered on and after December 5, 1984.

IT IS FURTHER ORDERED that all other provisions of the Commission's Order entered December 4, 1984, not amended herein shall remain in full force and effect.

Done at Frankfort, Kentucky, this 19th day of December, 1984.

Where service is supplied under the provisions of this paragraph, the billing demand each month shall be the contract demand instead of the billing demand defined under paragraph "Monthly Billing Demand" and the minimum charge shall be as follows:

Service Charge	\$10.80 per month
First 5 KW or fraction thereof of contract demand	\$20.50 per month
Each KW of contract demand in excess of 5 KW	\$4.15 per month per KW
